U.S. Census 2010 Partner

How it works
• forms mailed to every residence in March
• answer 10 short questions
• mail back in postage-paid envelope
• or a census taker may visit to ask the 10 questions

Why It’s Important
• every person counted results in $900 a year in federal funds
  spent on our community for hospitals, job training centers,
  schools, senior centers, public works, emergency services
  and more
• the number of state seats in the U.S. House of
  Representatives is calculated with the census
• data collected is used to advocate for causes, rescue
  disaster victims, prevent diseases, research markets, locate
  pools of skilled workers and more

Confidentiality is protected under federal law and the census is mandated by the Constitution
