• **Carnival supports FIU:** A new student center bearing the name of the world's largest cruise ship company is open at Florida International University's School of Hospitality and Tourism Management.

The Carnival Student Center, a renovated facility at the Biscayne Bay Campus, was made possible through a \$900,000 gift from Carnival Corp. and the Carnival Cruise Lines brand. The state matched the contribution with \$700,000. The donation also included a scholarship endowment.

A ceremony was held this week to dedicate the 2,600-square-foot building, which has an advising center, reading room, conference room and computer stations.
